The Power of the Wilderness

Round Table Class Dec. 4, 11 & 18

Join John Connolly for a three-part presentation/discussion on the Lakota Sioux Indians of South Dakota. Gain an understanding of the tribal/political; family/extended family (tiospeye)/daily life; and spiritual beliefs both historically and presently. Reflect on your own inward journey to find the meaning of life. Open your heart to listen for God to speak to you through a different culture, one marginalized over the last century or so. Perhaps you will respond as Jesus did, by walking in the dirt together.
